To Whom It May Concern:

It is with great pleasure that I offer my recommendation for Mei-Yin Teo of M.Y.T. Communications.

I have known Mei-Yin for the past five years and have worked with her on a variety of projects including a national supplement in our publication in which she was the primary editorial source. We have also published a number of excellent feature and news articles researched and written by her.

Mei-Yin has proven to be reliable and efficient, meeting tight deadlines and carrying out assignments in a professional, yet personable manner. Her work is well-written and creative.

Mei-Yin is an asset to any organization and I have no hesitation in recommending her services.

Sincerely,

Gail Scala
Editor
